Therapeutic Life Story Work

Richard Rose is regarded as an international authority on Life Story Work and Life Story Therapy. Currently working in all areas of the UK, and consulting with organisations in Japan, Portugal and Australia; he has brought together best practice. He provides direct work to children, families and organisations. Currently, his work is being applied in Pre-Care families (trying to prevent family breakdown and care episodes), Post-Adoption and working with vulnerable adults.

Case Consultancy and Direct Work

Complex Cases and Direct Work are the specialist area of CTIS. Currently working with fourteen local authorities in the UK, we are commissioned to provide direct work with traumatised children and their families. We also provide case consultancy, assessment and supervision to support the families and professional involved.

Education and Training

CTIS offers interactive and learning outcome based training in a wide range of therapeutic approaches, including a number of university courses, professional development and bespoke training for social work and related child care professionals.

Professional Assessments

Family Courts and local authorities throughout the UK call upon CTIS for Expert Witness Reports. CTIS offer professional assessments for sexual harm, contact, therapeutic assessments for looked after children and needs assessments. All assessments are consistently prepared and overseen by highly experience and trauma informed practitioners.

Therapeutic Child Care Consultancy

Therapeutic Residential Child Care and Child Placement Schemes require specialist approaches. CTIS can provide consultancy for

organisations offering these services. With over three decades of experience in trauma informed practice, our colleagues can promote new thinking, outcome measures and assessment of practice in all areas of Out of Home, and Home Based Adoption, Foster and Kinship Care.
